- **One-third of the total score should be allocated to each Module. Fractional marks should not be awarded. In cases where the total is not divisible by three, then (a) when the remainder is 1 mark, the mark should be allocated to Module 3, (b) when the remainder is 2, then a mark should be allocated to Module 3 and the other mark to Module 2. (For example, 34/60 – 11, 11, 12)**

NB: The order of merit is a standard requirement of several examining boards and testing agencies. Its purpose is to provide CXC with:

- (a) a quality control check in its examining process;
- (b) a ranking with which to compare 'basic discrepancies' between the CXC result and the school's normal assessment of the candidates;
- (c) an estimate of performance by the school, if, for example, allowances have to be made for adverse circumstances under Regulation 17.

The order of merit should be informed by performance on the School-Based Assessment and any other assessments done by the teacher.
